ROI Focus

2x return through real-world talent innovation

The Leadapreneur Innoverse

The Innoverse: Where talent learns to innovate, lead, and win with AI.

The Innoverse is a comprehensive talent development programme that teaches professionals how to innovate with AI. Through gamified journeys, your talent learns how to solve real problems, build valuable innovation projects, and deliver measurable ROI.

- 1. Inspiring Speech** awakens your people to what the Age of AI means for their future.
- 2. Engaging Workshops** shift mindsets by showing why innovation is essential to thrive.
- 3. AI x Talent Accelerator** empowers your people to discover how to build high-ROI solutions.
- 4. Strategic Development** upgrades your leaders with the skills to drive transformation at scale.
- 5. Play to Win** scales your culture of innovation by gamifying learning and rewarding impact.

THE LEADAPRENEUR INNOVERSE

1. Dare to Be Great in the Age of AI – Keynote

A powerful speech to awaken ambition, shift mindsets, and inspire decisive action.

Perfect for townhalls, offsites, and company-wide kick-offs.

in 12 weeks

Trusted by Industry Leaders

“ This program gives you real experience working on real problems linked to actual ROI and value. It's not hypothetical, it's not theoretical. It pushes high-potential talent to collaborate, present to senior leaders, and grow into future-ready leaders with the skills and mindset to drive real business impact.

Joanne Hor,
Chief Learning Officer, DBS Bank

“ With the world changing so fast, the imperative is to future-proof the business. But before you do that, you must future-proof your people. This program does exactly that embedding a culture of innovation that's not just fast, but truly connected to the business.

Nisha Padbidri,
APAC Head, Human Resources, Citi

Who Should Join?

- High-Potential Employees
- HR & L&D Teams driving transformation
- Managers transitioning into leaders
- Senior Executives building strategic pipelines
